HIGHLIGHT TAGS

You can highlight a tag for all items by hovering it with your cursor. This will show the tag in red for all of its occurrences and across all bar codes.

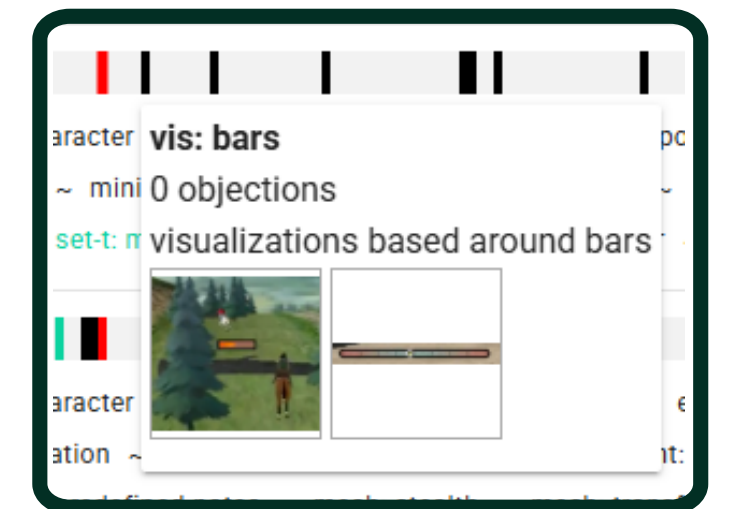

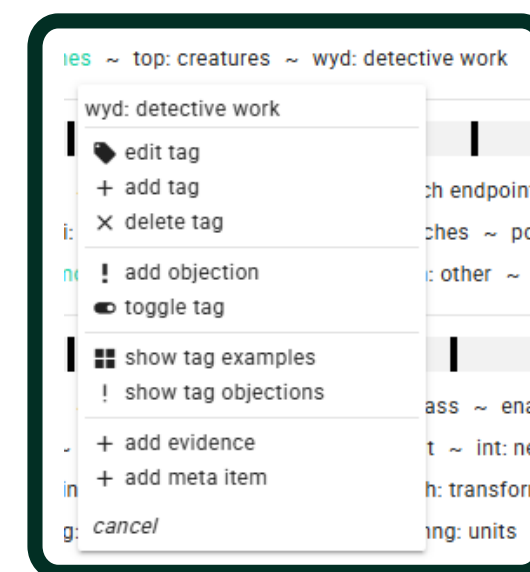

PIN TAGS

If you want to permanently highlight a tag, simply click on it. This will show the tag in a green color for all occurrences and across all bar codes.

ANALYZE RESULTS

After you submitted your assignments, the solution will be revealed. You can browse all tags of any item by hovering over its bar code. In the end screen, this will also show associated evidence in the tooltip.

To object to a tag assignment of an item, you can open the context menu by right-clicking a tag name or a bar in the bar code and clicking on the **! add objection** button.

You can open the item editor by clicking on an item teaser.
